How to Search for Properties by an Address

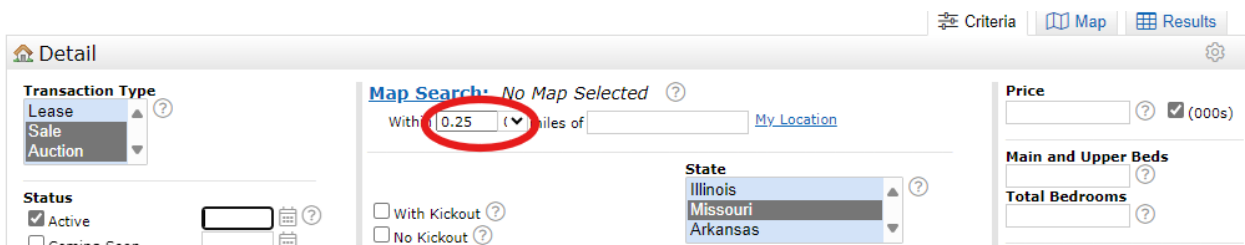

Let's run a search for a mile radius around Busch Stadium.

The address for Busch Stadium is 700 Clark Ave, St. Louis, MO 63102, USA.

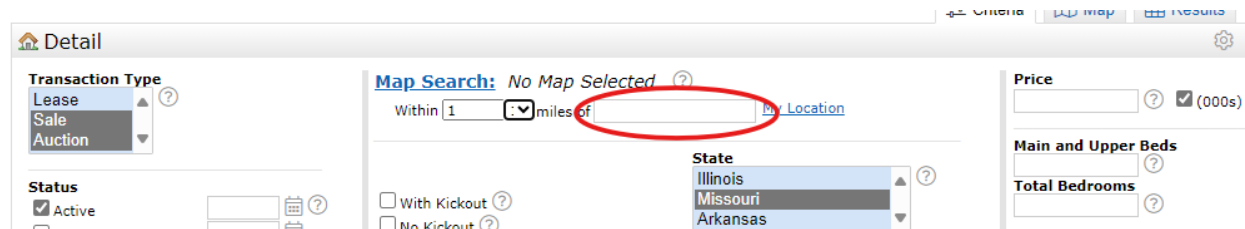

First, you will open Matrix. From there roll over the search tab and select a detailed search.

To search for properties around a specific address look for the area under the “map search”. Since we want to search for the mile radius around Busch Stadium, we will change the milage from 0.25 to 1 by clicking the dropdown arrow.

Next input the address into the location line.

Begin typing the address.

You will notice that the system will give suggestions based on what you are typing. If you do not see your address, type in the zip code.

Map Search: No Map Selected [?](#)
Within 1 : miles of 700 clark ave [My Location](#)
Did you mean:
Clark Ave, Jefferson City, MO 65101, USA

Once the address populates under “Did you mean:” click on the address below.

Map Search: No Map Selected [?](#)
Within 1 : miles of 700 clark ave 63102 [My Location](#)
Did you mean:
700 Clark Ave, St. Louis, MO 63102, USA

When “No Map Selected” changes to “Map Area Selected” the system has locked in the address.
